

70 TOUGHTEST INTERVIEW QUESTIONS AND ANSWERS

Notes By Neha Malhotra

1. Tell me about yourself.

- Answer: "Certainly, I'd be happy to. I hold a Bachelor's degree in Computer Science and have spent the last six years working in software development. I've had the opportunity to work on various projects, from developing mobile applications to leading a team of developers in my previous role at XYZ Company. I'm known for my problem-solving skills and my ability to work collaboratively with cross-functional teams. Outside of work, I'm passionate about volunteering for coding boot camps, where I mentor aspiring developers."

2. Why should we hire you?

- Answer: "You should hire me because I bring a unique combination of technical expertise, leadership experience, and a proven track record of delivering results. In my previous role at ABC Inc., I not only led a team that completed a critical project ahead of schedule but also identified and implemented process improvements that saved the company 20% in operational costs. My ability to collaborate effectively and my commitment to continuous learning make me a valuable asset to any team."
